Additional COVID Guidelines / New Jersey State Guidelines

There are no numerical limits for indoor or outdoor gatherings.

To save lives and stop the spread of COVID-19, you should [wear a mask](#) and social distance if you are not vaccinated, wash your hands, and stay home if you are sick.

COVID-19 remains a threat, particularly at indoor gatherings with unvaccinated individuals. Follow the safety tips from the CDC and the NJ Department of Health to protect yourself and avoid putting your loved ones at risk

Safety Tips For Fully Vaccinated Individuals:

- You can resume many activities that you did prior to the pandemic. You can resume activities without wearing a mask or staying 6 feet apart, except where required by law, a business, or a workplace.
- If you've been around someone who has COVID-19, you do not need to stay away from others or get tested unless you have symptoms. Note: [There are exceptions for those living in high-risk congregate settings like nursing homes and homeless shelters.](#)
- If you are visiting New Jersey or returning home after travel, you do not need to get tested before or after travel or self-quarantine.
- Make hand sanitizer available for guests.
- Remind guests to wash their hands before serving or eating food.
- Use single-use hand towels or paper towels for drying hands so guests do not share a towel.
- Clean and disinfect commonly touched surfaces and any shared items between use when feasible.

Safety Tips for Unvaccinated Individuals:

- [Wear a mask](#), wash your hands, practice social distancing, and stay home if you are sick.
- Indoor gatherings are particularly dangerous places for the virus to spread. Host outdoor activities rather than indoor activities as much as possible.
- If you do host indoors, increase ventilation by opening windows and doors or by placing central air and heating on continuous circulation.
- The smaller the gathering is, the less likely it is that someone is infected and put loved ones at risk.
- Require guests to wear masks when not eating, whether indoors or outdoors.
- Plan ahead and ask guests to avoid contact with people outside of their households for 14 days before the gathering.
- Delay travel until you are fully vaccinated based on CDC guidance. For more information, refer to the [CDC's guidance for domestic travel.](#)
- Guests should avoid direct contact, including handshakes and hugs, with others outside their household.
- Make hand sanitizer available for guests.
- Gatherings that last longer pose more risk than shorter gatherings.
- Remind guests to wash their hands before serving or eating food.
- Use single-use hand towels or paper towels for drying hands so guests do not share a towel.
- Clean and disinfect commonly touched surfaces and any shared items between use when feasible.
- Consider keeping a list of guests who attended for potential future contact tracing needs. If you are called by a contact tracer, it's critical that you answer the call to protect us all. Your help is the key to stopping the spread of COVID-19 and saving lives.
